

DEMENTIA LIFESTYLE COORDINATOR

Holdsworth has recently obtained new HACC recurrent funding to deliver Centre Based Day Care programs for people, especially those from CALD backgrounds, and people with moderate to high support needs throughout Sydney's Eastern suburbs. In this job you will play a pivotal role in leading this new service, building your own multi-disciplinary team and developing our current memory loss programs.

Our Aged and Dementia Services are firmly based on the belief that age should be no impediment to enjoying life and community participation. We offer a range of services to older people from the active to the physically dependent and those living with memory loss. These can be centre based activities, essential services to aid daily living or social supports to help get the most out of life.

Salary packaging is available, above industry salary level, and a nine-day fortnight will off-set the need to work on alternate Saturdays.

Ideally you will have:

- relevant experience in coordinating or providing day care services for frail aged/and or people with dementia,
- staff and volunteer leadership and training skills
- qualifications in diversional therapy, nursing, occupational therapy, or in community and/or allied health care
- minimum of 1 year's post basic experience in aged or dementia care
- commitment to a person-centred, wellness model of care
- extensive knowledge of community services/resources
- current driver's licence (class c or higher)

Please check our website www.holdsworth.org.au for further information and to download a position description before applying.

Please apply by email to info@holdsworth.org.au by 5pm Monday 12 July. Enquiries to Maya Jankovic welcome on 9302 3600 about this and other future positions.

We celebrate diversity. Appointment subject to Police checks.
